ChasiGames: <https://www.instagram.com/chasigames/>

With over 5 years of versatile experience in C#, spanning video game and web development, I bring a blend of technical prowess and passion to the table. From crafting immersive 2D/3D games to exploring frameworks like React and Blazor, I thrive in collaborative environments. With leadership, teamwork, and a knack for working under pressure cultivated through 4 Game Jams, I'm ready to dive into new challenges headfirst.

EXPERIENCE

Cube Breaker

JAN 2023 – JUN 2023

Mobile Game Development - ChasiGames:

- Designed and developed a full released mobile hyper-casual game using unity.
- Implemented monetization system with advertisements and in-game purchases.

Play Store: <https://play.google.com/store/apps/details?id=com.chasigames.cubebreaker>

Multiplayer - Online Tanks Game

SEP 2023

Created a multiplayer local and online game that consist of battling around with tanks:

- Capacity to host and join available games, either with key or open to everyone.
- Matchmaking implemented to search for an online match.
